

Tell the patient what they'll likely owe, from what insurers really paid you

Owedex estimates a visit from what each insurer actually paid your office for the same procedures, not from a generic fee table. Copy a plain-English estimate for the patient.

From real payments

“From 8 Aetna Dental payments for D2740 since June 2026.”

Honest confidence

High, medium or low, with a likely range when payments varied.

Patient-ready text

One click copies a clear estimate that says it's not a guarantee.

Before you start: create your free account at app.owedex.com (Guide 0, about 2 minutes). You land in Owedex's demo office, **Bluebonnet Family Dental (made up)**. Every patient, claim and dollar in it is made up, so you can try everything without your own data.

The pictures were taken on Wednesday, October 7, 2026. The demo's dates move with today's date, so your dollar amounts and dates will be different. The steps and screens are the same.

BLUEBONNET FAMILY DENTAL (MADE UP)

Estimates

What the patient will likely owe, worked out from what each insurer actually paid your office for the same procedures. And when a payment comes in lower, why, and what to do.

Estimate a visit

Insurer

Procedure codes

Deductible left (optional)

Annual max left (optional)

Aetna Dental

D2740 D2950

\$0

Not entered

Enter what's left of the deductible and annual maximum from the patient's benefits check. Owedex never guesses them.

Code	Your fee	Insurer pays	Patient pays	Patient likely	Confidence	Based on
D2740 Crown (porcelain/ceramic)	1295.00	\$425.25	\$425.25	—	High	From 8 Aetna Dental payments for D2740 since June 2026: the insurer paid about 50% of the allowed amount. Allowed amount from your contract: \$850.50.
D2950 Core buildup	315.00	\$102.38	\$102.37	\$102.37-\$135.44	Medium	From 7 Aetna Dental payments for D2950 since May 2026: the insurer paid about 50% of the allowed amount (usually 34%-50%). Allowed amount from yc contract: \$204.75.
Visit	\$1,610.00	\$527.63	\$527.62	\$527.62-\$560.69	\$554.75 written off per contract

Estimate a visit

Pick the **Insurer** and type the **Procedure codes**. If you have the patient's benefits check, also enter the deductible and annual maximum left; Owedex never guesses them. Each code shows your fee, what the insurer will likely pay, what the patient likely pays, the confidence, and the payments it's based on.

Visit	\$1,610.00	\$527.63	\$527.62	\$527.62– \$560.69	\$554.75 written off per contract	

An estimate, not a promise. It comes from what Aetna Dental actually paid your office before; the insurer decides the final amount after the claim is processed. Codes with no past payments get no split: check the patient's benefits.

Claim number (to compare later)

In the picture: Aetna Dental, D2740 and D2950. Patient's estimated share about **\$527.62**.

What the patient gets (copied from the demo)

Estimate for your visit at Bluebonnet Family Dental (made up) (not a guarantee)
Insurance: Aetna Dental

- D2740 crown (porcelain/ceramic): you pay about \$425.25; insurance pays about \$425.25.
- D2950 core buildup: you pay about \$102.37 (likely \$102.37 to \$135.44); insurance pays about \$102.38.

Your estimated share: about \$527.62.

This is based on what Aetna Dental actually paid our office for these services before. Aetna Dental decides the final amount after it processes the claim. If it pays differently, your share may change, and we'll explain why.
